TRANSFER CREDIT POLICY

Credit that has been successfully completed at other US accredited institutions (including Running Start credits) may be transferred to Northwest College of Art if transfer situations meet the following:

- A. Studio art classes must have been completed within the last 10 years. (There is no time limit on general education classes).
- B. Classes must be comparable with NCA classes.
- C. Class grade is a C+ or above.
- D. Applicant can demonstrate appropriate skill.
- E. Transfer class credit is equal to or above NCA class credit. Official transcript of grades and course syllabi must be presented no later than July 15th for evaluation. Transfer credit will not be granted after the July 15th deadline. A portfolio evaluation may be required.

No more than 50% of the program may transfer. Transferring credit may reduce program length, however reduction is not guaranteed. Transferring credit may require the student to drop to a part time status at certain times during the program. Credit is not available for life experience. Standard high school courses other than AP or Running Start classes do not apply.

Advanced Placement (AP) credits taken in high school and evaluated by The College Board will be evaluated for transfer credit based on the following requirements:

Studio Art

- A. Score of 5
- B. NCA faculty review of AP portfolio to determine what class the credits will be transferred for i.e. Drawing, Color/Form, Design, Sculpture etc. Northwest College of Art reserves the right to interview the student before transfer is approved.

Art History

- A. Score of 5
- B. This class will be transferred for Art Introduction—the first semester class in the Art History series.

English / Psychology / Environmental Science/ Quantitative Principles

- A. Score of 4–5
- B. AP Course will be transferred for appropriate NCA general education class. NCA faculty reserves the right to interview the student before transfer is approved.

TRANSFER CREDIT FROM NCA TO ANOTHER COLLEGE

Northwest College of Art is not a school that concentrates on preparing students to continue their education in another field or at another school. NCA programs are technical in nature with an emphasis on preparation for entry level arts occupations and therefore may not be transferable to other arts programs. Students interested in transferring credits should check with the receiving institution directly to determine to what extent, if any, credits can be transferred. NCA does not guarantee the transferability of NCA credits.
